

Fuji Spray Auto™ **MP-V8™** Mid-Pressure Spray Gun

6852G-MP-V8	MP-V8 Spray Gun (Spray Gun Only)
6852G-MP-V8-A	MP-V8 Spray Gun with 600cc Aluminum Cup
6852G-MP-V8-N	MP-V8 Spray Gun with 600cc Nylon Cup

Designed with Fuji Spray®'s Mid-Pressure technology, the **MP-V8™** is the superior choice for professional clear coat application. The **MP-V8™** features a side-mounted fan pattern control allowing you to precisely set your fan width to match your project size. Suitable for high production facilities, the **MP-V8™** features a forged aluminum gun body with anodized fluid passages for use with waterborne or solvent-based coatings. The 360° swivel air inlet reduces drag and prevents tangling in the booth.

TIP SIZE	
Size (mm)	Part Number
1.2	6800MP-V8-1.2
1.3	6800MP-V8-1.3
1.4	6800MP-V8-1.4
1.7	6800MP-V8-1.7
2.0	6800MP-V8-2.0
2.2	6800MP-V8-2.2

SPECIFICATIONS	RECOMMENDED 12.2 CFM AT 35 PSI
Air Cap Sets Available (in mm):	1.2; 1.3; 1.4; 1.7; 2.0; 2.2
Operating Range:	9-35 psi
