

Fuji Spray Auto™ **MPX-30™** Mid-Pressure Spray Gun

6350S-MP-C-17K	MPX-30 Siphon with 1Qt Cup + Extra 1.4mm
6350S-MP-N-17K	MPX-30 Siphon - Spray Gun Only + Extra 1.4mm
6355G-MP-C-14K	MPX-30 Gravity with 600cc Nylon Cup + Extra 1.3mm
6355G-MP-N-14K	MPX-30 Gravity - Spray Gun Only + Extra 1.3mm

With its ergonomically designed handle to reduce user fatigue, the **Fuji Spray® MPX-30™** provides increased application speed without sacrificing performance. Intuitive, lightweight and easy to maintain, its nearly 13" wide fan pattern paired with a precise side-mounted fan pattern control minimize overspray and reduce waste. **The MPX-30™** features optimized internal air passages to provide increased atomizing air for modern high-solid coatings.

TIP SIZE	
Size (mm)	Part Number
1.0	6300MPX-1.0
1.3	6300MPX-1.3
1.4	6300MPX-1.4
1.7	6300MPX-1.7
2.0	6300MPX-2.0

SPECIFICATIONS	RECOMMENDED 13.8 CFM AT 36 PSI
Air Cap Sets Available (in mm):	1.0; 1.3; 1.4; 1.7; 2.0
Air Supply Pressure	36 psi (Gun Inlet) 2.5 bar
Air Inlet Size:	1/4" BSP and NPS
Air Supply Hose:	5/16" ID
Air Consumption:	13.8 cfm
Fluid Coupler:	M 16 x 1.5P
Standard Air Cap Set:	1.4 mm
Weight (without cup):	502 g (17.70 oz)
Application Type:	Waterborne and solvent-borne high-solid clear coat
Max. Fan Width:	320 mm
Paint Cup Adapters (Gravity)	S2 (3M™) DPC-11 (DeKups®) A09 (Colad)

* The **MPX-30** is also available as a siphon feed spray gun.
